InRe: Griswold 2080

June 9th, 1919..

Miss Anne J. Sutphen,
National League for Women's
Service,
Newark, New Jersey.

My dear Miss Sutphen:

We are anxious to know if you would take the three Griswold children in the Orphan Asylum. They are:--Rolland 8, Ronald 6, Iris 4; children of Lafayette, deceased, and Iris Griswold of #809 Ridge Street.

Mr. Griswold died of influenza early in the spring, and his wife is only earning \$11.00 a week in Bambergers. They have promised her a raise in the near future to \$15.00 so that she could save out what you feel is fair for the children's board.

Our investigation shows that the family has been one of good standing in the community, and that that the mother is reliable and anxious to do her best for the children. There are no relatives who could help her out. A sister-in-law, Mrs. Frank Griswold of #768 Mt. Prospect Avenue, has offered to help with the children's clothing from time to time, but does not feel that she can commit herself to assist with the board.

Hoping that you can take these children before it
